

Tractor Driven Reciprocating Compressor

Model	Working Pressure (Kg/cm2)	No Of Cylinder	Tractor HP	Free Air Delivery (C.F.M.)
TM-160	7.0	2	35	120
TM-180	7.0	2	45	140

Model: KT-250 Tractor Driven Screw Air Compressor

Model	Normal Working Pressure (Kg/cm2)	(C.F.M.)	Tractor HP
KT-140	7.0	140	45
KT-250	7.0	250	60
KT-400	7.0	400	90

- New Generation Reciprocating Piston. High Efficiency with low Maintenance
- Compressor is powered by Tractor PTO.
- Efficient cooling system, which ensure the reliable operation of air compressor for high temperature working environment.
